CAMG03(MG03) Connection Box

Application

CAMG03(MG03) connection box is designed for distribution equipment and switchgears; it is used as bus bar and current terminal in different electrical devices.

Specifications

Referencia	Terminal Rows	Terminals/row	Dimensions(mm)		
			L	W	H
36198	2	7	65	45.5	51
36200	2	15	132	45.5	51
36204	4	7	65	89.5	50
36206	4	11	100	89.5	50
36208	4	15	132	89.5	50

Technical data

Standard: IEC60947-7-1
 Frequency: 50 or 60Hz
 Rated insulation voltage U_i : 500V
 I_{pk} : 20kA I_e : 125A
 Dielectric test voltage at ind. Freq.
 for 1min.: 2.5 kV
 Pollution degree: 2
 Cover material: PC
 Base material: PA6

Terminal: brass
 Glow Wire Test (IEC 695-2-1) °C: 960
